Gabriel Marinho Caldas

Full Stack Developer • Brasília, DF • gabrielcalda@gmail.com • +55 61 9 8535-7155 • Portfolio: https://devgabrielcaldas.netlify.app/ • GitHub: https://github.com/devgabrielcaldas/

I am a Full Stack Developer with 3 years of experience in bank sector. Skilled in Java, Python, Node.js, TypeScript, Angular, HTML, and CSS, with a strong focus on object-oriented development, performance, and scalability. I have a solid academic background and hands-on experience with unit testing using Mockito, version control with Git, CI/CD automation with Jenkins, and agile project management using Scrum.

Education

- Centro Universitário de Brasília (CEUB) – Bachelor's Degree in Computer Science
  July 2017 – June 2021
- Pontifical Catholic University of Minas Gerais (PUC Minas) – Postgraduate Degree in Software Engineering (Expected completion: July 2026)

Professional Experience

- **Sicoob Bank – Full Stack Developer** (August 2022 – April 2025) | 2 years and 9 months

  - Developed back-end services using Java EJB, DTOs, and RESTful endpoints.
  - Performed data queries and manipulation in DB2 databases using SQL.
  - Implemented unit tests with JUnit and Mockito to ensure code quality and stability.
  - Managed project builds and dependencies using Maven.
  - Generated custom reports using Jasper Reports.
  - Developed front-end features using Angular with TypeScript, HTML, and CSS.
  - Integrated and automated pipelines using Jenkins.
  - Used Git for version control and team collaboration.
  - Worked in an agile team following Scrum methodology, using Jira and Kanban for project tracking.

- **Brazilian National Congress & Federal Senate – Budget Data Analyst**
  (Intern: July 2020 – Jan 2021 | Full-time: Jan 2021 – July 2022) | 2 years
  - Conducted in-depth analysis of public budget data using Microsoft Excel.
  - Provided technical support to legislators and advisors on budget planning and public finance.
